Dear Board of Commissioners,

The Prison Rape Elimination Act (PREA) was enacted in 2003 to eliminate sexual abuse and harassment in confinement settings. PREA's implementing regulations, the "Final National Standards to Prevent, Detect and Respond to Prison Rape," were published by the Department of Justice and became effective on June 20, 2012.

The Lancaster County Youth Intervention Center completed our fourth audit on October 18, 2022, which we were found to be in full compliance with the Act. Attached you will find our 2022 annual report which will be published for public review on the County's website in the very near future.

Section § 115.388 (Data review for corrective action) of the Act requires the following:

- (a) The agency shall review data collected and aggregated pursuant to § 115.387 in order to assess and improve the effectiveness of its sexual abuse prevention, detection, and response policies, practices, and training, including:
 - (1) Identifying problem areas;
 - (2) Taking corrective action on an ongoing basis; and
 - (3) Preparing an annual report of its findings and corrective actions for each facility, as well as the agency as a whole.
- (b) Such report shall include a comparison of the current year's data and corrective actions with those from prior years and shall provide an assessment of the agency's progress in addressing sexual abuse.
- (c) The agency's report shall be approved by the agency head and made readily available to the public through its website or, if it does not have one, through other means.
- (d) The agency may redact specific material from the reports when publication would present a clear and specific threat to the safety and security of a facility but must indicate the nature of the material redacted.

The Youth Intervention Center is pleased to announce that we had zero (0) PREA related incidents in 2022. The Youth Intervention Center strives to ensure the sexual safety of all residents and continues to thoroughly investigate any allegations or incidents of sexual abuse or harassment. The Youth Intervention Center also ensures that all employees and contracted service staff are frequently trained in the standards to prevent, detect and respond to prison rape.

Please feel free to contact me with any questions or concerns.

Sincerely,

Drew Fredericks, Director

2022 Prison Rape Elimination Act (PREA) Annual Report Lancaster County Youth Intervention Center

Introduction

The Prison Rape Elimination Act (PREA) was enacted in 2003 to eliminate sexual abuse and harassment in confinement settings. PREA's implementing regulations, the "Final National Standards to Prevent, Detect and Respond to Prison Rape," were published by the Department of Justice and became effective on June 20, 2012.

The County of Lancaster owns and operates the Lancaster County Youth Intervention Center. The director of the Youth Intervention Center is appointed by the Lancaster County Board of Commissioners. The Center provides both detention and shelter care services for males and females from the ages of 10 to 18. The Detention program has a 48-bed capacity, the Shelter program has a 36-bed capacity, and P.U.L.S.E. Weekend Program has a 12-bed capacity. The Center provides temporary safe and secure care for alleged delinquent juveniles and dependent juveniles. The Center also operates a treatment-based weekend program. The Youth Intervention Center is licensed by the Pennsylvania Department of Human Services and abides by their regulations. The County of Lancaster has zero tolerance toward all forms of sexual abuse and sexual harassment of all residents at the Lancaster County Youth Intervention Center. Residents of the Youth Intervention Center cannot give consent to engage in any sexual activity, regardless of age. Accordingly, it is the Youth Intervention Center's policy to ensure that any form of sexual activity between residents or between residents and staff, volunteers, or contract employees, regardless of consent, is strictly prohibited. Such conduct is subject to administrative disciplinary sanctions and may result in criminal prosecution.

In order to demonstrate compliance with PREA, juvenile facilities such as the Youth Intervention Center must be audited every three years. The Youth Intervention Center was last audited by a U.S. Department of Justice-certified PREA auditor on October 17 and 18, 2022. This audit revealed that the Youth Intervention Center met all the standards to prevent, detect and respond to prison rape, and exceeded the standards in resident education, documentation, reporting, access to services, resident files, and employee personnel and training files. The next PREA audit scheduled to occur at the Youth Intervention Center will take place in 2025.

The Youth Intervention Center collects data on every allegation of attempted and/or completed sexual abuse and sexual harassment at the facility, regardless of the ultimate outcome of the investigation. Each allegation is reported to ChildLine and the Lancaster County Detectives Unit or the Lancaster City Bureau of Police. Upon completion of the investigation by the appropriate law enforcement agency, the entire incident is reviewed by the Youth Intervention Center's administration. The purpose of the review is to determine if any changes to policy or practice at the Youth Intervention Center are needed to prevent future incidents. At the conclusion of the review, the review team prepares a report with its findings and recommendations.
